

Quantum thematic program Master scholarships 2026-2027

Pre-selection procedure: dead line May 16th 2026

- The Scholarships are two-year scholarships open to excellent students who will be apply and be admitted to the two first-year tracks affiliated to the [Quantum thematic program](#) of [UGA graduate School](#):

[Master 1 Nanophysics-quantum physics](#)
[IPHY 2A 2nd year engineer school track](#)

- The call is open to all students having completed a Bachelor in a French or foreign University.
- The amount of the scholarship will be 14.5 kEuros for two years + about 3 kEuros to cover the gratification of the Master 2 internship. It will cover the living cost of the student during his stay and the mandatory gratification during his/her Master 2 research internships.
- The students will have to be registered at UGA for the whole program (two years) and to do their Master internships in a Grenoble laboratory.
- Applicants have to be self-supporting students, meaning that students who have already an academic grant or scholarship, or a financial support from another university are not eligible.
- Applicants need to apply for the Scholarship by writing a motivation letter in English describing their motivation for Quantum.
- Besides the letter, a comprehensive CV and the L3/bachelor and first year of Master grades (if applicable) are also mandatory to apply.
- **If you are eligible, please send your preselection application to dir@pt-quantum-uga.fr before May 16th.** Put in the subject "Application to Quantum thematic program Master scholarships 2026-2027". The selected applicants will be informed about their pre-selection at earliest in June 2026.
- **Informations:** contact Prof. David Ferrand, email dir@pt-quantum-uga.fr , click also on the different hyperlinks in this web-page to have further informations.
- **Independently to this preselection call, the students should apply asap to the Nanophysics-Quantum physics Master 1 or IPHY 2A engineer school track** (see the web-sites of the two tracks to apply) and **register also to the Sphinx portal of UGA graduate School** (link [here](#)) **and deposit the documents on this portal.**
